Overall Comments:

All the student in the class are very committed by showing their enthusiasm in learning the Windows Server 2012 R2. Most of the student do have strong background in server environment and make the class easy to maintain and running smoothly. Average student attendance for weekend classes are 23-25 per session. At the end of the class, students will be familiar with Windows Server 2012 R2 environment and apply the knowledge in the real life. Most of the students satisfied with the course and wish to join higher level of Microsoft Training (MCSE Expert Level) provided by AMC College in the future.
